

INSTRUCTIONS FOR LOTERÍA

Throughout *Lotería*, Life and Death compete to determine Clara's fate. How good is your luck? Find out with your own game of Lotería!

SETTING UP THE GAME

1. Gather 2 or more brave players.
2. Give each player a Lotería board and 16 tokens. In the book, Life and Death use dried beans, but you can mark your board with anything you want!

HOW TO PLAY

1. The cantor (singer) selects a card from the deck of 54 cards.
2. If a player has the card on their board, they put their token on the square.
3. The first player to have four tokens in a row (horizontal, diagonal, or vertical) shouts "Lotería!" and wins the game!
