BIO

Karla Arenas Valenti grew up in Mexico City in a house built around a tree. Her life was always filled with elements of the fantastical which she readily incorporates into her storytelling, taking readers on journeys steeped in magical realism.

Karla writes middle grade novels (including the best-selling and highly-acclaimed *Lotería*), chapter books (like the exciting *Legendarios* series and *Hispanic Stars* biographies), and various picture books. Karla's stories are heavily influenced by her Mexican heritage and layered with ideas and concepts she's picked up in her many travels around the world.

Karla currently resides in the Chicagoland area with her husband and three kids, two cats, and hundreds of books.

BOOK A VISIT

Being a storyteller for children is to be a custodian of wonder, charged with finding, preserving, and capturing in words the magic of the world around us. As an author, I seek to carve out windows through my books for readers to immerse themselves in stories that may sometimes feel true or familiar and other times will be a journey into an entirely new emotional or intellectual landscape. This is a big responsibility and one I take seriously, for it is no small thing to be entrusted with the hearts and minds of young people.

AUTHOR VISIT - LOLA

Target Grades: 4-8

Mode of delivery: Virtual or In Person

Language: English or Spanish (or both)

Group size: this session is ideal in smaller groups but can be delivered to groups as large as 100 students. Educators must be present at the meeting to help ensure a productive learning environment. I ask that attending educators please refrain from side conversations during the presentation as it can be very distracting for the students and me.

Description: this 45-60 minute highly dynamic and engaging presentation includes an overview of Karla's background, the illustrator, Mexico, and the craft of storytelling. Karla will also guide students through a brief discussion of magical realism (vs fantasy) as a literary genre and the philosophical underpinning of the book (the power of personal transformation). Students will participate in an interactive and exciting art activity with tie-ins to the book and Mexican culture. At the conclusion of the presentation, Karla will answer student questions about her books, her process, and anything else discussed in the presentation. She will also sign books..
